Synoptek®

SIMPLIFIED TECHNOLOGY. SUPERIOR RESULTS.™

8 Core Service Offerings

Technology Leadership

Providing professional, personal guidance & support for all your company's IT needs. Our Technology Leadership allows a single point of contact between you & your IT team.

The Synoptek Edge™
We learn & understand your business then advance a strategy to carry out your overall priorities & planning. Holding your hand from start to finish providing support & guidance throughout the process.

Superior Results:
A happy & well-educated client from start to finish.

Expert Services

Understanding your particular goals, core business processes & current information systems capabilities.

The Synoptek Edge™
It is through a comprehensive IT assessment & well-planned strategy we work to simplify your information technology environment & lead the way to a more cost-effective & reliable IT infrastructure.

Superior Results:
Improved technical operations of business.

Client Cloud

Hosting services that are provided to customers via multiple connected servers that comprise a cloud.

The Synoptek Edge™
We take extra care in designing your hosting environment & then managing it with Synoptek's toolsets & a team of IT professionals, creating a new level of agile, secure, cost-effective, data storage.

Superior Results:
Right-sized storage & support for your needs.

Systems Continuity

Maintaining IT services to allow a business to continue to operate in the event of a disaster or data compromise.

The Synoptek Edge™
Synoptek's backup & disaster recovery configurations are quickly scalable & can be designed to serve multiple platforms across multiple vendor or data center environments, supporting almost any device.

Superior Results:
Your business doesn't miss a beat.

Core Infrastructure

Professionally managed IT solutions formulated around each client's unique environment & needs.

The Synoptek Edge™
Synoptek blends speed, agility & simplicity to minimize the many challenges in scaling & managing your technology while effectively reducing costs, which simplifies your information technology environment.

Superior Results:
A dependable IT infrastructure.

Systems Security

IT Security for your business, your assets & your data from unauthorized access to modification.

The Synoptek Edge™
Synoptek blends the operational function of security monitoring with in-depth analysis to effectively identify & mitigate known & unknown threats, working 24/7 x 365 days a year so you don't have to.

Superior Results:
Your data & your clients are safe.

Team Technology

Allowing access to files & data from multiple devices with secure, reliable performance.

The Synoptek Edge™
We use the best IT service management platforms & ITIL-based processes to provide our clients with IT monitoring 24×7 Help Desk Support for increased productivity with responsive & simplified IT.

Superior Results:
Simplifying the way you do business.

Business Applications

Hosting, managing, & supporting business systems & applications using subject matter experts.

The Synoptek Edge™
Synoptek offers in-depth performance monitoring, application server monitoring & patch management to improve application performance for your business & lower operating costs by 15-40%.

Superior Results:
Managed Apps for a competitive advantage.
